FAST TIME MADE BY **BLUE BLAZE IN LAST**

Ran Five and a Half Furlongs in 1:07 1-2 in Sixth Race Yesterday.

PEACEFUL WON THE FEATURE.

Eleven Bells and Le Flare Won Their Respective Events-Favorites Landed Purses-Races Close To-Day.

Three favorites won at the Fair Grounds yesterday and some good racing was witnessed in the course of the afternoon, Blue Blaze, first choice in the last event, running five and a half furlongs in 1:07%, about the best time for the distance made at the

local tracks this season. Of the successful favorites, Peaceful was at prohibitive odds so far as the vast army of small bettors was concerned although his price of 11 to 20 looked liberal consid ering his great race of Saturday and the field in which he was entered. Eleven Bells was favorite in the third and won at the

good odds of 2 to 1, while Blue Binze was at 6 to 5 and even money.

LeFare, a 2-year-old from the Bohlman stable, won the opening event on the card, a six-furlong dash for youngsters.

Ogle was made favorite in the race in spite of the foot that his last out was an ex-

Ogle was made favorite in the race in spite of the fact that his last out was an extremely bad one. Sting received some support as a third choice in the betting, Le-Flare being probably the best played horse in the race at 5 to 2.

The feature of the event was the sensational burst of speed which Le-Flare showed in the stretch, the colt coming from fourth position near the head of the stretch and passing the others as if they were walking. He seems to be rather a slow beginner and ran with the bunch for the early stages of the journey, Ogle showing the way for the first furiong. Once the stretch was reached, however, Le-Flare got to going in a way that was truly surprising and won in a manner to stamp him as an excellent colt.

colt.

Feature is Fourth Race.

The fourth race on the card was the feature of the afternoon, and though Peaceful seemed to have the event at his mercy, mearly every starter was well supported. Place betting was especially brisk, Found, Prosper Le Gal and Beana all being heavily played for the position.

The race showed that Peaceful is himself again, the gelding fully living up to his form on last faturday, and holding his field safe at every stage. He went to the front as the stand was reached and led around the first turn and down the back stretch by a couple of lengths, Found being close up all the time. At the half pole Found raised the hopes of her supporters by suddenly passing Peaceful, and leading around the lower turns by a good margin, entering the stretch with a lead of nearly two lengths, and seeming to be coming strong. Peaceful had been simply playing with the mare, however, and, once straightmed out, he came on with the greatest case, passing her a furiong out and galloping in easily a length in front of Huffman's mare. Prosper Le Gal ran a good race, and finished a strong third.

In the fifth race old Swordsman, the heaviest-weighted horse in the race, went to defeat through no fault of his own. He packed ill pounds, and had be been well up in the early stages of the race, the result would probably have been different, Lady of the West won the race.

Swordsman was favorite in the race at 3 to 1. Banquo II being held at practically the same figure. Twelve started in the race at a mile and an eighth, and good things abounded among the entries play being extremely heavy.

Being the last race of the day, good things abounded and the ultra wise people tripped up on their own wisdom by placing about every starter in the race on the hope of some long shot going through at the close of the season. Miss Guido, a 15 to 1 shot in the race, ran well and finished a strong second, while Battus was third.

Thirteen horses started in the second race with Harry Duke and Tenny Bell equal favorites at 4 to 1. Samivel was one of the many horses of the day who were thought to be out for the money, and he justified the hopes of his backers by winning rather easily from Judge Pettus.

Harry Duke gave his usual display of rowdyism at the post, refusing to stand quietly with the other horses, but failing to get off well and running unplaced. Judge Pettus was second and Winnebejour was third.

Eleven Bells won the third race in easy

ettus was second and winness, hird.
Eleven Belis won the third race in easy ashion, getting off none too well, but raing over the horses in the lead successively and winning off by herself. Eda Rliey was second and Lady Curron third.

St. Louis racing season for 1901 will lose to-day after a summer of as good

sport as has been witnessed in this city since racing became popular locally. Both in class of horses and in quality of racing the game has been more than up to the standard of recent years, while no such formful meetings have ever been conducted here as the Deimar season and the autumn Fair Grounds meet.

The opening season at the Fair Grounds early in the year left much to be desired, form being at a discount in the case of certain horses. Reversals were witnessed in several races at that stage and one or two events had a rather bad looking aspect from the spectators point of view. Since the Delmar meeting opened, however, the horses have run as a general thing remarkably true to form and the racing has been of a high order.

horses have run as a general thing remarkably true to form and the racing has been of a high order.

In daily racing, the class of horses participating has been the best that ever appeared in this city. The handleap division, the 2-year-olds and the average run of starters has been of higher class than at any previous meeting, conflicts with the Western Jockey Club having really improved the class of animals here apparently, owners possessed of strong stables racing here all summer and paying no attention to the Jockey club's outlaw rule, while the poor owners, with cheap stables, have nocked to Chicago and helped to bring down the average of the fields in that city.

One respect in which ine meeting here has been behind that of former years is in the quality of its stake horses. No lo rambiens won the Inaugural this season, no Cliffords captured the Club Members' Handleap, nor did any Ben Brashes or Prince Lefts appear in the Derby. In splite of this fact, however, the city has had a season of extremely high-class aport, handicap horses here being of remarkably good quality.

Contrary to the usual run of things

ity, and the close of meetings, reversuls of a have been conspicuous by their about of an area of things in the closing in a been the original of the confidence of things in the closing in a Evidently the determination to brevent the usual of cheap selling platers being sent up has good things on getaway day, the assessment has furnished an excellent

rough as good things on a excellent card for to-day.

Two handicaps, three purse events and a saling race compose the card, and in each case a good field is entered. Rubus, on her good second Tuesday, when she should have won, looks best in the first event, while Peaceful seems to hold Lady Strathmore after in the second event. Jake Weber seems about the pick in the third, while pound should win the fourth, and Prosper Le Gai the first acc, if he has better luck than fell to his lot yesterday.

Schreiber's Colt Took Second Place in Bay View Handicap.

New York, Oct. 30.—There was some spirited racing at Aqueduct to-day, Only two decided favorities won, both at odds-on, but well-played horses took the other four events, each being at 5 to 1. The Bay View Handicap was the feature of the day's sport. It was such an open sifiair that four horses closed about equal favorities at 5 to 1. These were St. Finnan, Flora Pomona, Demurrer and Potente. When the barrier went up King Pepper was left, and Just after the start Demurrer went to his knees, throwing Garrigan, who escaped serious injury. The horse went on after his field riderless, and passing one after another, came down through the stretch with the leaders, finishing in front by a length. St. Finnan won, ridden out, from Otis.

met defeat at Lakeside to-day in the feature race of the card, a purse event of a mile and three-sixteenths.

The winner was Hildreth's Rolling Boer, who had to set a new track record for the distance, 2:012-6, to beat Denman Thompson, a neck in the hardest kind of a drive. The winner was given a masterly ride by Coburn, and many thought that to this alone was due his victory. Frangible, the only other starter, set a furious pace for a mile, when he tired and left Rolling Boer and Denman Thompson to fight it out.

Burnle Burton, in the third race, set a new track record for six furiongs, defeating such speedy ones as Moneymus, The Pride and Tom Kingsley with ease. She recled off the six furiongs in 1232-6, which is a trifle better than the last previous mark for the distance at Lakeside. Weather clear and pleasant; track fast.

CAMPBELL AND SMITH WINNERS.

Doctor W. C. Campbell broke into the winning column of the billiard tournament at the Royal by getting the best of Harry Knoll in the afternoon game. Doctor Campbell started off well, counting eight in the ten opening innings. He was strong on the home stretch, following a run of five with a three-time count. In the evening game D. C. Smith got the best of Chris Spreckles. The services of Alec Selkirk as referee are much in demand. He was weaned away from the Grand long enough yesterday afternoon to referee the afternoon game. N. Becker officiated in the evening game. Tonight Thomas J. Wright (35) and F. De Donato (39) wil cross cues. Yesterday's scores:

MAYPIELD-DIETERS BOUT TO-NIGHT.

Men Meet This Evening Before Olympic Athletic Club at 140 Pounds.

Cotton Dieters and Elmer Mayfield fight to-night before the Olympic Athletic Club at No. 1107 Pine street and the friends of both men are confident of success. Dieters is well supported on the strength of his numerous fights in this section, while Mayfield's clever exhibition of boxing against Dunleavy has won him the support of many local sportsmen. Dunleavy has won mm the support of many local sportsmen.

The men will meet at 140 pounds, and a fast go is expected. The general impression prevails that Dicters is slightly the stronger of the two, and Mayfield a triffe the quicker. The combination should furnish a good bout. Billy Zachritz will preside as referee and Lee Early will serve as timekeeper.

Coach Martin Delaney of St. Louis University is expected back from the East tonight, and significant developments in foot-ball affairs at the Grand avenue school inworking under the direction of Dillon and Captain McLean. the McKendree game only two days of Chances for a game with C. B. C. now seem extremely remote.

The effect of internal dissensions, such as believed to exist in the St. Louis University team is exemplified in the case of Northwestern, which has been regarded as a potent factor in the race for the Western champlonship. Dissension in the ranks of the Northwestern team threatens to result most disastrously to the purple. The most recent occurrence, which has stirred up an old-time contention, was in the game at Champaign last Saturday, when Coach Heilister relegated to the side lines a number of the hopeful aspirants for positions on the team.

Fraternity influence, which has, in former years, at Northwestern, been sufficient to insure the presence of inefficient players in crucial contests, did not avail to good advantage last Saturday. The present dissatisfied faction is said to be the outgrowth of this. The baneful influence which fraternities exert on football has been pointed out before in these columns.

Daily of Northwestern has followed the action of McChesney and has been pointed out before in these columns.

Daily of Northwestern has followed the action of McChesney and has announced his withdrawal from Hollister's eleven. It is said that Daily owed his position on the purple team to fraternity politicans. While Daily's work was at times brilliant, Pecknum was regarded by Hollister as being the more consistent player, and was chosen for the right-end position. Hollister was displayed with Daily's work, while Pecknum's showing was uniformity good.

Jesiousy exists at the Methodiat school over the choice of nonfraternity substitutes for line positions, and even daring laterary's passe the coach was saked to region.

FOR RACES AT FOUR TRACKS STRICTURE SUFFERERS

Every man afflicted with Stricture or Gleet is familiar with the many annoying and distressing symptoms which accompany these diseases. The frequency of urination, the chronic gleety discharge and the inflammation and irritability of the prostate Gland and Bladder all tend to produce a weakened and debilitated condition. The seminal ducts become relaxed an prematureness and general Sexual Debility result. Ordinarily tionorrhoca is a simple disease, but if neglected or improperly treated it soon becomes serious and gives rise to Bladder and Kidney complications of a destructive and fatal nature. This disease will never cure itself, but, on the contrary, will become more and more aggravated, and it is of the utmost importance that every man thus afflicted be cured without delay.

The list of men at the Northwestern training table will be decreased this week, and a number of candidates who have confidently expected positions on the team will be retired. Coach Hollister has decided to recognize candidates who are persistent in practice and he has the backing of the student body.

Hollister should have the support of all fair-minded followers of the game in the stand he has taken. The case is almost parallel in places with the St. Louis University situation. The best man should be given the place, regardless of outside influences, as the spectators don't wish to see these hurtful influences disorganize a good team.

The second team of St. Louis University will journey to Kirkwood this afternoon for a game with the Kirkwood Military Acad-emy. The 'varsity scrubs have been prac-ticing hard for the tilt and expect to take a fall out of the young soldiers.

The game which Maflon-Sims had arranged with the Springfield Athletic Club has been declared off, and instead the Medica will go to Chicago for a tilt with the strong College of Physicians and Surgeons of that city. The local team believes that its showing against the Rolla miners last Saturday places it on a par with the Chicago team. The latter eleven, however, has defeated some of the strong teams around Chicago. Marion-Sims will go sixteen strong.

Fourteen men on the Washington team appeared for practice at Athletic Park yesterday. Members of the Manual team also went out to the park for a workout against Coach Clarke's men. Manual will have all its zegular men in the game with Smith its zegular men in the game with sinth Academy at Pastime Park Saturday morning, with the possible exception of Captain Finnegan, who is temperarily out of it on account of an injury sustained in practice. Washington is taking only light practice,

C. B. C. is making preparations for the Rolla game by putting all the candidates through a good, stiff practice every even-ing. The team will line up to-day against Barnes for a practice game.

Barnes for a practice game.

All blocked punts or punts into the line which strike the kicker's forwards should be ruled upon by the referee instead of the umpire, who is expected to make the decision on the offside part, if there is any. The modern referee works directly behind the backs with the ball. He follows each play and is on the spot where the ball is downed instantly in aimost all cases. The umpire, as a rule, works on the opposite side, flitting from side to rear, and back, watching for the holding principally. It is often almost impossible for him to tell where the punt hits when it goes low into the line. Now, the punt must do one of two things—either be blocked by the opposing side or hit one of the kicker's men. In the former case it is anybody's ball. In the second, it goes to the opposing side on the spot where the ball was kicked. Where it is impossible to tell what stopped the ball the officials assume it was blocked and both sides dive for the ball wherever it may happen to alight.

In one of the recent games here in Chicago—the Northwestern-Notre Dame game—the ball went into the line on a punt and bounded back fifteen yards back. If it was a block kick it was anybody's ball. The referee is often the only man who can tell what became of the ball after the kick, and should make the decision on what he sees. The umpire almost invariable lets it go as a blocked kick.—Chicago Daily News.

A. Stickney Beat C. W. Scudder—L.

A. Stickney in Hard Fortune.

The second round in the local golf tournament for the championship of St. Louis and The Republic Cup was played on the Country Club links at Clayton yesterday. The match of the day was the eighteen-hole contest between D. S. Stickney and C. W. Scudder. Mr. Stickney won when Mr. Scudder missed a three-foot putt by an inch on the eighteenth green. Mr. Scudder is been three down and six to go, but has R all even at the seventeenth hole. Then he missed his putt for a half on the last green and lost one up.

W. Arthur Stickney lost to Raiph Mc-Kittrick after a very hard match, an extra hole being necessary to decide it. Playing this hole Mr. Stickney was so unfortunet as to have his ball go into a deep rus in the course. In chopping it out—it was a very masty play—he was hit by his own bail and lost the hole and the match.

Mr. Vickery won over Mr. Swarts handly enough, 3 up and 2 to play. The lefthander is playing a good game and should have a good chance to he in the finals. He has got to beat Mr. McKimnle to-day, while Mears.

S. G. Stickney and R. McKittrick will haltle for the other end of it.

In Class B, W. McKittrick beat Duscas Joy 1 up, and J. S. Walker heat J. G. McGee 5 up and 4 to play. Hence Messra Mr. Ethiat 4 up and 3 to play, and Mr. Potter heat Mr. Hall 3 up and 2 to play. Hence Messra Fotter and Hall for the Class C championship.
